회사 및 제품소개서(영문)

	Company Name	APACK, Inc.	Established Date	1999-7-16
	Main Product	LED Lighting	No. of Employees	50
	Address	838, Daedeok Daero, Yuseong-gu, Daejeon, 34055, Republic of Korea		
	Phone Number	+82-42-879-0886		
Song Kyu Sop	E-mail Address	sales@apack.net		

Company Information

① Product or Technology Information

- ▷ FT/FA series LED flood light (up to 800W)
- ▷ FS/BU series LED highbay light (up to 200W)
- ▷ Optimized thermal design with Heat Pipe technology and high purity AL heat sink
- ▷ High system efficacy up to 120lm/W

② Business Performance

Sales ('15)	USD 8,200,000	Export ('15)	USD 781,000
Management Performance Assessment	<ul style="list-style-type: none"> ▷ Business Expansion in Europe <ul style="list-style-type: none"> - DB Scehner, AutoTerminal Neuss, ICO Terminal and more - VfB Stuttgart football field lighting project - BLG, WWL warehouse / factory highbay lighting - Ongoing projects for port, sports, area LED lighting 		

③ Global Expansion Strategies

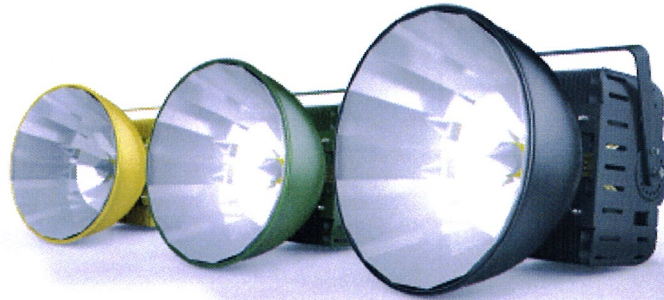

- ▷ Develop trust with partners / customers - transparency and superior A/S
- ▷ Establish APACK brand image of high powered LED lighting specialist
- ▷ Build up global competitiveness with international certifications (DLC, UL, CE, etc.)

④ Request

- ▷ Please visit our website (www.apack.net) for more information and ask any questions you may have on products and/or lighting solutions

New High Power DYTS LED Lighting

Product contents

	Unit	Specification
Powerconsumption	W	300W
Dimension	mm	420*500*300
Weight	kg	<10kg/set
Input Power	V, Hz	AC 85~265V 50Hz~60Hz
Lux Efficiency	10m/lux	777Lux
Color Rendering Index	RA	>80
Color Temperature(CCT)	kelvin	3,000 - 6,500K
View Angle	degree	30° ~60° (Reflective type)
Life Span	Hrs	Over 50,000 hrs
Operating Temperature	℃	-30~70℃

Applications

Sports Facilities(Stadium, Golf links, Tennis Court)

Aeroplane shed/Exhibition center/Factory etc.

DooYoung T&S Corporation

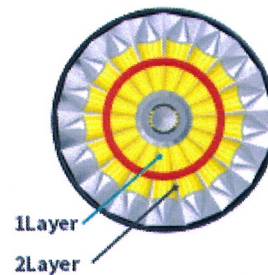

New High Power DYTS LED Lighting

- IT CONVERGED FLOOD LIGHTING
- COMMERCIAL LIGHT
- HIGH CEILING LIGHT
- SPORTS LIGHT

High Optic Efficiency

- Optic Efficiency $>110 \text{ lm/W}$
- Color Rendering Index $>80 \text{ RA}$
- Color Temperature $3,000\sim6,500 \text{ K}$
- NO Glare & Dark Shadows

Optimum Radiation Design

- HEAT PIPE
16 angle pipe made by aluminum and the pipe is covered by ceramic with good isolation effect and heat conductivity as well as inorganic adhesive. It can quickly transfer heat from one point to another without mechanical moving parts.
- HEAT SINK
Considering optimum ratio of heat dispersion, aluminum heat sink is specially designed. Owing to special technology of heat dispersion, the temperature of heat sink can be controlled not to rise high and middle power, which can be applied to the products.

Lightweight

- 10kg/set

DooYoung T&S Corporation

Company Information			
① Product or Technology Information			
<p>▷ Product Name : Beauty devices using LED light therapy and the plane heater</p> <p>▷ LED near infrared ray that BB Mask uses doesn't generate heat. Therefore it doesn't damage skin cells and penetrates wave of light into dermis, which in turn generates not only general cells but also recovers and re-generates damaged collagen. In addition, LED near infrared ray helps to remove mating spots and improve wrinkles by deactivating enzyme causing skin damage, consequently it makes skin transparent and beautiful.</p>

Company Information

① Product or Technology Information

▷ Product

Samjin linear light is the third generation family of low profile slim commercial pendant systems that are engineered for continuous run applications.

Excellent horizontal & vertical illumination. Optional end cap part is available to enable simple daisy chain connection between fixtures while adding extra support for ease of installation. Arch series can be controlled with standard 0-10V dimming system to integrate daylight harvesting strategy with seamless transition, avoiding unwanted interruption for the employees.

② Business Performance

Sales ('15)	USD 300,000	Export ('16)	USD 620,000
Management Performance Assessment	▷ Supplied to Major T-mall in Korea branch ▷ Supplied to Major Logistic company in Hongkong		

③ Global Expansion Strategies

- ▷ Securing major well known sites installation
- ▷ Securing major distribution channels and cooperation
